

**USE PERMIT
GENERAL REQUIREMENTS**

1. Complete and return application form.
2. Site Plan – showing the entire lot and details about the area where the proposed use is to take place.
3. Detailed Description – provide an accurate description of the proposed use, which shall be based on and address the requirements contained in the Zoning Ordinance for the particular use requested. Site plans and descriptions shall be sufficient clarity and detail so a determination can be made as to the use's compliance with all applicable Ordinances and regulations.
4. Provide all other plans, studies, or additional information, which may be required for the particular use.
5. Provide approvals and / or permits, which may be required by other official agencies, as applicable.
