

The American Red Cross has launched a Home Fire Preparedness Campaign. The American Red Cross partners with local fire departments to provide tools and resources to assist local families, enabling them to better prepare for the possibility of a home fire.

On Saturday, June 11, 2016, Citizen's Fire Company partnered with the American Red Cross to assist in their effort, installing smoke detectors and educating the residents throughout portions of Upper Milford Township.

To learn more on how you can obtain free smoke alarms, contact the American Red Cross at [484-403-4734](tel:484-403-4734).
