**PUBLIC INPUT:**

Paul Ulicny – 6561 Ridge Rd Extension – Expressed concerns over storm water. Paul handed out a page of photographs of storm water from the last heavy rains. He explained that the water is a lot in his yard, but it should be going into the creek. He explained the solutions that the Township has tried over the years and those suggested by others. He knows at some point he will see flooding as he lives next to the stream but on heavy rain, he felt there is a better solution for the water than into his yard and hopes that Township staff can meet with him. Supervisor Zgura asked how long this has been a problem. Mr. Ulicny stated as long as the road had been paved, which was 4 years after he moved in. He stated that out of respect for Mr. Batman he waited to discuss the concerns at a meeting since Mr. Batman didn't want to have any of the solutions that would have involved the Batman property.

Staff will meet with Mr. Ulicny to see what might be able to be done.

**SOLICITOR'S REPORT:** No Report

**OLD BUSINESS:** None

**NEW BUSINESS:**

- 1.) Dillingersville Rd Preservation Over County Cap Cost Request
  - a. Letter from Planning Coordinator Brian Miller

Letter from Brian Miller, "I was contacted by Donna Wright of the Lehigh County Agricultural Preservation Office asking if Upper Milford Township would be willing to partner on an over the cap portion of an agricultural land preservation in Upper Milford Township. The property is located off Dillingersville Road and is depicted in the attached Lehigh County Assessment mapping. The overall property area for preservation is split by the municipal line and contains approximately 76 acres, with 13.815 acres being in Upper Milford Township.

The County appraised easement value per acre was \$5,610.00. The applicant opted to get a second appraisal which valued the easement at \$13,000.00 per acre. In this case the County will average the two appraisals and agree to pay up to the \$6,000.00 maximum per acre for the easement. The average for the two easement appraisals was \$9,305.00 and the County asked if we would be willing to pay the over the cap amount of \$3,305.00 per acre for the portion in Upper Milford Township? That would be a total of approximately \$45,609.00 from Upper Milford Township and \$82,800 from Lehigh County for the 13.8 acres.

I gave all the information to the Open Space Committee and at their meeting on August 13th, 2025, they reviewed and discussed the property involved in the above mentioned preservation, they noted items such as there being less than 20% of the 13.8 acres currently in ag use, wet soils were present on the property & that there was a small stream that crossed the property. The Open Space Committee made a motion to recommend that the Township not pay the over the cap fee for this preservation."

Supervisor Zgura stated that he was at the meeting where this was discussed and understood the points of the Open Space Committee members but feels that the Township should have a stake in the preservation. He did some calculations and would like to offer roughly 1/3 of the request at \$1,100.00 per acre for the 13.82+- acres within Upper Milford Township. He felt this just gives another easement holder on the preservation and with the amount of land at stake will give another voice to the discussion years in the future if someone requests to take this out of preservation to develop the parcel.

**MOTION:** Supervisor Zgura made the motion to offer \$1,100.00 per acre within Upper Milford Township for preservation over the county cap amount to add Upper Milford as a secondary easement holder of parcel with PIN number 549279710756. Supervisor Ashbrook seconded the motion. Hearing no questions or comments, all were in favor, motion carried.

- 2.) Salem Bible Church Road Culvert Replacement Bid Award
  - a. Letter from Township engineer Jeffery Ott

We have reviewed the bids submitted for the Salem Bible Church Road Culvert Project received via PennBid. Based on our review of the bids, we recommend the Township Board of Supervisors award the contract to the low bidder, J. Phillips Excavating & Hauling, LLC for the Total Bid Amount of \$253,542.00. Award of the contract shall be conditioned upon the following being submitted on or before September 12, 2025: 1. Fully executed Contract Documents including Performance Bond,

Payment Bond, Maintenance Bond and Certificate of Insurance, all in accordance with the contract documents. 2. Any additional documents as may be required by the Township Solicitor and/or Township Board of Supervisors.

Colt Hershinger asked why it was so expensive. Manager Carter explained that it was a precast box culvert that will be set in place. Supervisor Zgura stated that the cost of the precast unit alone was over \$40,000.00. Supervisor Ashbrook explained that this bid was the lowest by quite a bit.

**MOTION:** Supervisor Zgura made a motion to award the bid to J. Phillips Excavating & Hauling LLC for \$253,542.00 per letter from Township Engineer Jeffery Ott dated August 20<sup>th</sup>, 2025. Supervisor Ashbrook seconded the motion. Hearing no further questions or comments, all were in favor, motion carried.

**PUBLIC INPUT:**

**Bennet Kohler:** Ben Spoke about his concern with the Truck Traffic and said that he would like the Board of Supervisors to take a more aggressive approach to control the truck traffic within the Township, especially on roads like Vera Cruz Rd, King Highway and Main Road as he feels they present a danger to another motorist. His car was clipped recently by a large truck. These roads are narrow with abrupt corners. He would like to see a coalition of surrounding municipalities get together with local elected officials to see how to make things safer. He has recently retired and has time to volunteer.

**Mike Kline** commented that he has also filed a complaint about trucks on his road at the other end of the Township and was told by Lower Macungie that since the road travels through multiple municipalities, they would all have to work together.

There was a discussion over effectiveness and what PennDOT will allow along with the Stop bars on Main Rd and Vera Cruz Rd Again. Manager Carter will discuss this with Staff and the Solicitor.

We are requesting permission to hold a Light in the Night Safe Zones block party in the Upper Milford Township Building on Sunday afternoon, October 19<sup>th</sup>, from 4-6 p.m. for the purpose of providing a safe and fun environment for our children during the Halloween season. Because we had such a good turnout of parents and children over the past years, we are again expecting a great deal of enthusiastic support from grown-ups and children. We will publicize the event through our church newsletters and fliers to township residents.

We will again encourage families bringing children to also bring items for the Upper Milford Community Food Pantry. We deeply appreciate that the Board of Supervisors has consistently waived the rental fee for this community event and trust that the Board will again be able to do so. We will notify the Upper Milford Fire Police of our plans and desire to have them participate in providing safe entrance and exit to the grounds as well as having a fire truck on the premises which proves to be a major hit each year. We will also ensure that our insurance company, Goodville Mutual Casualty Company, provides you with a copy of the liability insurance policy covering the event. We had much positive feedback from those attending in the past. We look forward to again partnering with you in considering our request for 2025.
