OPEN SPACE REFERENDUM

The Board of Supervisors deem it to be in the best interest and general welfare of Upper Milford Township to acquire interest in open space for the purposes of protecting, conserving, and preserving undeveloped open spaces; forests and farmland; natural and scenic resources; and recreational and historical land. Towards that end, on June 16, 2016, the Board of Supervisors adopted Ordinance No. 147 which will place a ballot question before the voters of Upper Milford Township at the general election of November 8, 2016, asking if they favor the imposition of an additional Earned Income Tax to finance the acquisition of interests in real property. The question to be asked is:

“Do you favor the imposition by Upper Milford Township of an additional Earned Income Tax at the rate of 0.1385 (%) percent on an annual basis beginning January 1, 2017, to be used for the purposes of financing the acquisition, protection, conservation or preservation of undeveloped open spaces or areas; forests and farmlands; natural and scenic resources; and recreational or historic lands; and payment of the attendant costs associated with such actions? YES or NO”

While the Board of Supervisors have the legal authority to place a question on the ballot, it is only the voters who can decide whether they favor the imposition of an additional Earned Income Tax. If the voters agree, there will be an additional Earned Income Tax increase of thirteen and 85/100 (\$13.85) dollars per ten thousand (\$10,000.00) dollars of earned income beginning in 2017. All revenue raised by the additional Earned Income Tax will be used to acquire agricultural conservation easements, finance the acquisition of open space, finance the protection of recreational or historical lands, and to pay the costs associated with such actions. The additional Earned Income Tax will remain in effect for at least five (5) years, at which time a new question can be placed on the ballot asking the voters whether they wish to rescind the additional tax..

Please note, Earned Income excludes: Social Security Benefits; Unemployment Compensation; Pensions; Public Assistance; Death Benefits; Gifts; Interest; Dividends; Boarding and Lodging to employees for convenience of employer; Lottery Winnings; Personal use of company cars; Supplementary unemployment benefits (sub pay); Capital Gains (Capital losses may not be used as a deduction against other taxable income); Disability Benefits (Periodical payments received by an individual under a disability insurance plan; Active military service served outside of Pennsylvania and summer encampment; Cafeteria plans; and clergy housing allowance. Some forms of payments from Individual Retirement Programs, such as Keogh, Tax Shelter Annuity, IRA, and 401K are not taxable. Taxpayer should refer to the PA Department of Revenue regulations regarding taxable compensation.

PARKS & RECREATION

You are invited to take a walk around one of Upper Milford Township's parks. There's a pathway waiting for you at each one of our parks.

The first walking trail was laid out through **Jasper Park**. That trail has become an established feature of the park ever since the Snowmobile Club disbanded and disbursed their funds by providing the money to install the trail. Township workers kept wrestling with the problem of areas routinely washing out over the years. Finally, the latest extensive repairs seem to have largely eliminated that problem. Walking/jogging in the wooded part of the trail where the Lenape Indians plied their trade, taking a breather moment on a handy bench, throwing in a few stretching exercises on the equipment provided, noticing the flower garden along the turnpike side as you pass, or keeping track of the ball games in progress are all possible as you use the Jasper Park Trail. Reminder – if you are also walking your dog, please clean up after them.

Next, the paved ovals at **Churchview Park** were installed for exercising. Originally intended for activities other than walking, the paved surface has been adopted by many residents for walking. As people walk at this park, there are no inclines, no shaded parts, fewer people, and less activity than at Jasper Park. Within the last year, the interior of the paved oval has been planted with wild flowers and allowed to return to a more meadow-like, natural state. Therefore, as people walk, it will be increasingly possible to see birds and butterflies while enjoying the flowers.

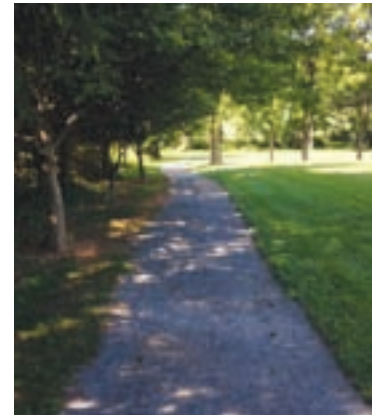

The newest trail is at **Lenape Park**. It has just been completed by the Township Public Works Department. If you haven't already

discovered the trail, stop by Lenape Park and find it by the basketball court, at the far end of the volleyball courts, or down at the pavilion. The footing for the path is easy-walking, fine gravel. You can follow the trail all the way around the park, down along the tree line, past the ball fields and into the parking lot. This is a calming addition to an often busy park and lends itself nicely to a leisurely stroll.

Hopefully, in the near future, we may be able to report about a walking trail being developed on property in Vera Cruz that Harold Fulmer gave to the Township years ago. This would be yet another active way to enjoy Upper Milford's neat, scenic, outdoor gems-its parks!

EMERGENCY
DIAL 9-1-1

Each year the Macungie Ambulance Corps chooses a current topic to focus on during our numerous community outreach activities. Last year, the topic we chose was the sensitive topic of narcotic overdoses. Unfortunately, since then, we have seen no decrease in the number of patients suffering from overdoses and other drug and alcohol related emergencies. As a matter of fact, these cases are on the rise both regionally and nationally. This epidemic plaguing our country is as much right here in our own communities as much as it is anywhere else.

Many people's lives have been touched by this crisis. While many think this is a "big city" problem, the disease of addiction knows no boundaries.

Recently, Layne Turner of the Lehigh County Drug and Alcohol Administration and Toni Galm from Acadia Healthcare visited our organization and shared these staggering local statistics...

- Based on prevalence data, there are 28,000 people estimated to be suffering with a drug or alcohol addiction problem in Lehigh County. Only an estimated 10% are currently receiving some type of formal help.
- Each month in Lehigh County alone 400 people are seen in Emergency Departments for a drug, alcohol or overdose related emergency
- As of mid-June, 69 individuals have died of a drug related overdose in Lehigh County. 50% of those individuals resided outside of the City of Allentown.

Drug and Alcohol addiction is a serious local problem touching individuals from all walks of life. Now is not the time to turn a blind eye to this crisis. There is hope. Do not believe the myth – "If you do not have insurance, no help is available". No matter what your circumstances are – help is there! Many resources are available for those suffering from addiction and family members and loved ones trying to help. Here are just a few of those resources.

Working together, our community can start to turn the tide on this battle against addiction. Learn what you can do to help at www.PAStop.org.

UPPER MILFORD HISTORICAL SOCIETY BARNs AND A BOOK

With the recent addition of a few barns that had not been photographed, the Upper Milford Historical Society currently has information and photos stored in its computer archives of 136 Upper Milford Township barns. We are always eager to add more history about these barns and to photograph any other barns that are brought to our attention. Please don't hesitate to let us know anything you know about our barns and their histories. Putting that information, those memories, on paper (or in the computer!) for future generations is a major goal of the society.

Using the information available in our archives, Jeffrey Marshall (the Barn Whisperer) created a great poster featuring barns in Upper Milford Township. Jeffrey is a noted barn researcher and historian who presented a program in April for the Historical Society. After his presentation, he compiled a 14" x 19" color poster showing 20 of the barns in the township, "Proud Witnesses to Centuries of Change." In explanation beneath each barn picture is the type of barn shown. The poster is a wonderful keepsake, and copies are available for \$5. Stop by the township office or contact Neil Moser, President, for your copy.

Speaking of a keepsake, as this is being written in July, the Society is working to complete another item you'll want to have – An Adult Coloring Book! Yes, I said a coloring book, the latest fad! The Historical Society's coloring book will feature pictures of places and things associated with Upper Milford's history. The target publication date is in August. You'll be able to color your own version of the Veteran's Memorial Fountain in Old Zionsville, or of one of the churches, or of a Lenape image, etc. Do a creative, mature coloring job, and you might even want to frame the picture! The price of the book will likely be about \$18 and would make a unique gift.

PLANNING ON DIGGING?

Call Pennsylvania One Call System, Inc. (POCS) three business days before you dig at 800-242-1776 or 8-1-1. PA Act 287 as amended requires excavators as well as private landowners to call POCS three days prior to any type of digging occurring with powered equipment.

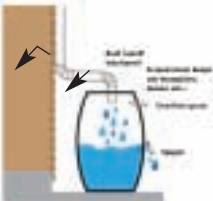

Know what's below.
Call before you dig.

Mark your excavation area in white paint before calling with a dig notification.

By calling you allow the facility owners the opportunity to locate and mark their underground facility in advance of the planned excavation (gas and liquid pipelines will mark underground facilities using yellow stakes, flags or paint.)

RAIN BARRELS

Rain barrels are containers that collect and store rain water to be reused for watering plants, cleaning yard equipment, topping off a swimming pool, etc. Among their many benefits, rain barrels prevent the water they collect from becoming polluted stormwater that runs off our properties and roads into local streams. Rain water is "soft water" and is very easy on plants and even cars. Most homesteads, farms, and even urban homes once had a rain barrel or cistern to store rainwater for other uses. Rain barrel kits are available at many hardware stores.
