PUBLIC INPUT:

Phil Casey: Mr. Casey Expressed that he has been at these meetings for a lot of years. The last few years he has heard talk about unfunded mandates. His concern is about tax and spend. In the approved budget there is funding for another Public Works Employee. He doesn't go out specifically looking for people taking advantage of things. He has seen loss of production due to employees driving around and sitting at fast food restaurants. He feels that there could be a way to pick up one man day to save the cost of an additional employee and that the use of GPS system to see where the trucks are would be beneficial. He feels it's time to have better management of man power.

He also discussed the three telephone poles that are down along Main Rd along with the water and ice on the street. He wondered if Penn DOT was going to make repairs.

OLD BUSINESS: - Manager Carter and the Board discussed the meeting with Penn DOT and asked if all the Supervisors could lawfully attend. Solicitor Marc Fisher stated that they may attend to gather information and ask questions of Penn DOT but may not discuss the meeting with each other until the next Board of Supervisors public meeting.
